The Friendly Family and Diamond Dinosaurs take on The Painted World and The Battle of Justice

There was once a cold, windy world filled with sand and wide open parks. The skies were blue and filled with red clouds and trees. The thing is, everything was made of paint!

There was a beautiful swirly blue-green plant that had pointy ears, vampire teeth, and jelly bean pollen. Playing amongst these plants were Tiffanies, a special animal that seemed a lot like an elephant except it had wings. Tiffanies were black and white, ate trees, and were super secret so no people knew about them.

People on this planet got around on 9 foot robot dinosaurs that were equipped with diamond and gold saddles. These amazing robots only cost 20 dinosaur bucks, so everyone was able to afford one.

While riding their dinosaurs, people were careful not to get into the swirling pools of red, white, and blue water. People who decided to swim, or perhaps slipped in, would change color!

This world was the home of Tobias, who had a rock head and gorilla body. Tobias wore glasses and

gold chains and lived in a mansion on the beach. He spent his time fixing red cars and playing sports. He was a hero because he wanted everyone to be nice and he took care of his friends and girlfriend.

One of his best friends was Lord Armor who Tobias saved from being eaten by a cheetah. Lord Armor had glasses, green hair, armor, and a sword.

Even though Tobias was so nice, there were still some people who didn't like him. Damikeetanakon, or Big Domi for short, was tall as a gorilla and had four hands and a scorpion tail. His big mohawk was tamed by his visor. He lived between the good side and the bad

side of the planet and wanted to be a bad guy like his dad. When he made mistakes, he breathed fire!

Juliette Elliot Justice also wasn't a fan of Tobias. From her sandcastle in the sky she and her sidekick dog wanted to rule the world. She had laser eyes protected by shield glasses and long blonde hair that was a jet pack.

One day Tobias and Lord Armor were strolling through their paint world and visiting Tiffanies. While searching for the elusive animals, they stumbled across an evil meeting between Big Dami and Juliette Elliot Justice. They were plotting to take over the world!

Just then...
