The Secret of the Chocolate Mountains

There was once a place unlike any you have ever seen, filled with glowing baby blue mountains made of milk chocolate and volcanoes that splashed sprinkles and hot chocolate. It was usually a nice comfortable temperature, not too hot so as to melt the chocolate, but not too cold either. The sky was part fire and part sprinkles and swirled with green, blue, and red. There were pyramid-shaped tiger-striped clouds that would let loose candy rain and also provided a home for the jumping, biting roses that lived in the sky. The air inexplicably smelled like cheese.

There were oceans of gooey rainbow slime, pink ponds, melted chocolate pools, and the faucets flowed with delicious cherry soda.

Throughout the mountains were pools of fruit punch where vampiric flowers grew to heights of 100 feet! Though invisible in the daylight, they were covered in red and black fur and had light saber eyes and smelled like strawberries.

Among these flowers you could find Zegraffs, a creature that looked like a zebra and a giraffe smashed together. Zegraffs could hypnotize people, had red hair, produced and released takis and hot cheetos, and could disappear if they were yelled at.

To get around in the chocolate mountains, one only needed to flag down one of the flying lamborghinis that were driven by singing horses. They were powered by hot chocolate boosters and made of taki trees.

This mysterious world was home to Paul Jake, a member of Team 10. He was muscular with brown-blond hair, wore a variety of designer suits, and was 21 years old forever. He lived in a 100-room mansion at the bottom of the ocean along with his two dogs, Athena and Apollo. He had special powers that let him hear when people needed to be saved from bullying. He was an amazing dancer and was pretty famous.

Jericha Paul, or New Hawaii, lived high above the world in the pyramid clouds and disliked Paul Jake quite a bit. She had rainbow hair and a tie-dye shirt that said Cool Friends. She had pimples and freckles and always had food crumbs on her face. She could become invisible and read people's minds. People called her ugly a lot and her parents didn't like her, that lack of support led her to a life of evil.

Fashion Lava Master of Hearts 06 was a lava-skinned 25-year-old with long

pink-streaked golden hair, heart-shaped cheeks, and charming pink eyes. Her left leg and right arm were crystallized. She lived in a lair in the chocolate mountains and had robot/ninja skills and a wand that threw invisible water and spicy liquids. Jericha had taken her mother following a bad romance, and Fashion wanted her back.

One of Jericha's allies was Invisible Wolf. She was a two-headed wolf who walked up on her hind legs. She had a special white and red helmet and red and purple armor that turned invisible when damaged. She lived in an enchanted forest hidden inside a cave, deep inside the chocolate mountains.

One day Paul Jake and Fashion were out for a stroll, enjoying the mild weather and spotting zegriffs. Jericha and Invisible Wolf were not far behind, plotting how to get Paul Jake and Fashion to leave the magical world forever...
